

MICKELSON-VLASAK.

Wedding of Last August Kept Secret Until Lately.

The many friends of Arthur Mickelson will be surprised to learn of his marriage to Miss Bessie Vlasak, of Chicago, the second of last August. Mr. Mickelson is a graduate of the Dwight high school. Shortly after he finished school he took a position with the Oliver Typewriter Co. at their factory in Woodstock. Later he was given a good position in their general offices in Chicago, which position he still holds.

The bride is a very popular and talented lady of Chicago. Her friends join the friends of Mr. Mickelson in heartiest congratulations.

Mrs. Margaret Bagnell Perry passed away Thursday at the home of her parents at 12:20 noon, after an illness of one year and eleven months with tuberculosis, age 32 years and 11 months.

She leaves to mourn her loss, her husband, two children, Ralph and Helen, and her parents, five sisters, Mrs. Snell, of Pontiac, Mrs. E. L. Donovan, Nora, Nellie, Mona and Charlotte, and two brothers, James and Michael, all of Dwight.

In spite of the Mexican situation, the tariff and the currency law, people are still inventing new steps for the tango.

RAILROAD NEWS

New President.

A special from New York City Wednesday said: "President B. A. Worthington will shortly tender his formal resignation to the board of directors. It may be mentioned in passing that the selection of W. G. Bied as his successor came as a complete surprise to Mr. Worthington. His plans for the future are uncertain. He may engage in expert railway investigating work for bankers, but so far has not made any definite engagements."

Word reached the general offices of the Chicago & Alton at Bloomington Wednesday that President W. G. Bied would make his first inspection tour of the property Thursday. He reached Chicago Wednesday morning in the private car of the Minneapolis & St. Louis, and, after a conference with the Chicago officials of the Alton, left Chicago Wednesday evening, the instructions being to cut off his car at Springfield. President Bied is familiar with the Alton property and the Illinois situation in general. He was general yardmaster for the Chicago & Eastern Illinois at Danville in 1894. Two years later, he went to Chicago as superintendent of terminals for the Rock Island. He was later division superintendent and since then his promotion has been rapid. It is understood that he will take hold of the property on Feb. 1, and it is presumed that the official circulars will make their appearance within a few days. The summary action of the directors in relation to the change in presidents, following so closely upon the appearance of the annual report, is regarded as more than a coincidence. It will be recalled that the annual report was not given out until the middle of January, although the directors customarily receive this report at their regular meeting in October. It is regarded as somewhat peculiar that the change in executives should be made almost simultaneous with the appearance of the statement of the year's operations.

Hint for Young Musicians.

Begin your practice with enthusiasm. Don't put your practice off because you have "plenty of time." You cannot know your piece too well, but remember that one hour of steady, concentrated practice is better than four hours of careless strumming at the piece.

There are quite a few cases of diphtheria at Magnolia, and one death, that of a child, has occurred.

R. E. Gifford, of Cabery, won second prizes at the Kankakee show recently, on Black Orpingtons, cockerel, pullets and on pen.

Last Saturday Mr. and Mrs. D. A. Nicholson, of Marselles, celebrated their fifty-seventh wedding anniversary by giving a family dinner.

The women of Granville have organized a class in civics and are studying the vote question. They are planning for a mock election in March to test their efficiency.

A night school has been organized at Marselles, a large number of students enrolling in same. Shorthand and typewriting and other business courses will be studied.

Ottawa women have formed a Woman's Political Equality League to be non-partisan and non-sectarian. Meetings will be held periodically for the purpose of discussing the political questions of the day.

The nineteenth annual meeting of the Illinois Farmers' Institute is to be held at Galesburg, Feb. 17th to 19th inclusive. The most prominent speaker will be Governor Adolph O. Eberhart, of Minnesota, who gives an address on the evening of Feb. 18th.

Counterfeiters are busy in Springfield, a \$2.50 gold piece, raised from a penny, making its appearance in one of the banks. Although the coin in its present state is very crude and can be detected by close scrutiny, it probably would be hard to recognize it as a penny when polished up. Outside of its coppery appearance and the fact that the date on the money is 1882, which is some years before the new gold pieces were issued, the raised coin is a good piece of work.

Mr. William Strickler, the faithful postmaster of Lexington, has for about fifteen years been interested in breeding Plymouth Rock hens. At the present time he has fifty fine, thrifty cockerels. Seven of them weigh over nine pounds each, and one fellow, who will not be a year old until March, weighs ten pounds. He is a remarkably beautiful bird, as are several others in the same flock. He also has some sixty pullets that are a credit to any poultry raiser.—Unit-Journal.
