A Present From the Calendar

Anyone who is paid once a month or twice a month receives a present of three days from the month of February.

That amount is enough to start a savings account. It gives you an opportunity to get at least that much ahead and once you are ahead it is not hard to stay ahead.

Remember that the dollar on interest knows no holiday. It is always on the job. And a hundred silver dollars in this bank are worth more than a million dollars in golden dreams.

"MAKE THIS YOUR BANKING HOME"

DISTRICT CONVENTION.

Local Lodge of Knights of Pythias to Entertain Visiting Brothers.

The district meeting for all Knights of Pythias lodges in Livingston and McLean counties is to be held here next Wednesday, February 11, and the local lodge is making great preparations to receive and entertain their brethren. Over one thousand invitations have been sent out and fully five hundred members of other lodges are expected to be present on that day.

The day is to be devoted entirely to business and instruction in the work of the several ranks. Several of the grand lodge officers and district deputies will be present to give the instruction.

A banquet is to be one of the features and the local lodge are sparing neither time nor expense in planning for the entertainment.

There are seventeen lodges in Livingston and McLean counties and it is expected that each lodge will send a large delegation.

Dwight is to be congratulated upon getting this convention as it is the town farthest north in the district having a lodge.

The local lodge is gaining in membership and is in a flourishing condition now, having a membership of about one hundred and forty.

Obituary.

Eliza Anna Ingraham, daughter of Theodore S. and Nancy Ingraham, was born in Augusta, Maine, March 1st, 1841. She was the next oldest of four children, her sister, Nancy, being older, and two brothers, Church and Charles, being younger than herself.

The whole family moved to Illinois in January, 1863, to a farm six miles northwest of Odell, Livingston county. Her father bought a farm six miles west of Odell and built their home on it, and lived there several years until he sold it and bought a farm three and a half miles southwest of Dwight in Nevada township.

Eliza Anna Ingraham married Archibald Bard Dunlop, of Nevada township, Illinois, April 27th, 1865. There were born to them six children, three sons and three daughters. The first child, a son, Irwin Church, died September 28th, 1867, aged one year and seven months. The other children were as follows: Jennie Margaret; Archibald Bard, the second son, who grew up to a fine young manhood and who was lost in the shipwreck of the "Lady Jane Grey" off the Pacific Coast May 22nd, 1898; Anna Grace, now Mrs. Grant Houston, of Joliet, Illinois; Thomas McDowell, the youngest son, who died December 19th, 1874, aged nine months; and Mary Eliza.

Her husband died August 4th, 1883. He was a husband kind and true, a kind and loving father, and a man of high standards of honor and honesty, and was greatly beloved and respected by all who knew him.

Mrs. Dunlop joined the Presbyterian Church in Dwight during the first year of her marriage, Reverend Young being the pastor. After the Presbyterian Church disbanded, she joined the Methodist Church in Dwight by letter January 22nd, 1888, Mr. Paul being deacon.

Mrs. Dunlop moved from the farm home of her married life three and one-half miles southwest of Dwight to the Village of Dwight, in January, 1895.

Since the death of her son in 1898, Mrs. Dunlop has been in very frail health, having sustained, literally as well as figuratively speaking, a "broken heart" and also developed a serious bronchial affection from the shock of the death of her beloved son; and became seriously ill, January 28th, with a complication of lung and heart troubles, which her frail strength could no longer combat and to which she succumbed at 3:10 A. M. February 2nd, 1914.

Her beautiful wifehood and motherhood, helpful and spiritual character and life will ever be revered and felt in the hearts and lives of her children, relatives and friends.

Her brother, Charles T. Ingraham, of Pasadena, California, is the only surviving member of her father's family.

The funeral services were held at her late residence Wednesday, February 4th, at 2:30 P. M., Rev. G. H. McClung officiating, and Mrs. Charles McWilliams, soloist.

The interment was made in her family lot in the beautiful little McDowell cemetery, which she greatly loved. The pall-bearers were Messrs. Frank Gower, Charles McWilliams, Frank Haise and L. L. Harrison.

Dwight Woman's Club.

The above named club was organized Monday, January 26th, at the home of Mrs. Frank Leslie Smith, and is an outgrowth of the Fine Arts Club which has been in existence for the past four years.

The club has devoted itself to the study of art this year with Mr. Dudley Crafts Watson as director, and in former years has studied various literary subjects.

While its work has been interesting and instructive it has felt the need of enlarging its scope, and for that reason has organized as the Dwight Woman's Club for the purpose of mutual development along literary, social and artistic lines, with other work that may be decided upon.

The club has been organized with the following board of managers:

President, Mrs. F. L. Smith.
First Vice President, Mrs. C. L. Hamilton.
Second Vice President, Mrs. T. E. Barry.
Recording Secretary, Miss Cora E. Adams.
Corresponding Secretary, Mrs. C. J. Ahern.
Treasurer, Mrs. C. W. Myers.
Directors, Mrs. John Baker, Mrs. C. H. Barr, Mrs. P. J. Reynolds, Mrs. James Oughton, Mrs. C. D. McWilliams.

The Dwight Woman's Club is also one of the thirteen which were received into the State Federation of Women's Clubs Friday, January 30th, and will therefore be represented at the Biennial Convention of the General Federation of Women's Clubs which is to be held in Chicago next June, for ten days commencing June 8th.

The advantages of federation are many, the greatest value being the strength of forty-eight thousand women working together for general uplift.

The club has many practical plans in view which it will endeavor to work out for the mutual development of its members and the community.

Abraham Lincoln.

Everyone is interested in the life of Lincoln—the great patriot and statesman.

In this issue of this paper you will find an interesting illustrated special feature about Lincoln that we know you will be glad to read. This story should be of interest to the young as well as older readers.

Many of our special features can be taken by the school children as a basis for information that can be used to good advantage in their school work.

Read all of this paper every week. We don't want you to miss any of our syndicate features, which are written by the best authors and authorities.

Standard Bearers Convention.

Despite the stormy weather of last week a goodly number attended the district convention of Standard Bearers which was held in this city last Saturday at the M. E. Church, under the direction of Miss Lura Verry, of Pontiac, district superintendent.

The program as printed in the Star and Herald last week was carried out and was very interesting.

The banner presented to the delegation traveling the most miles to be present at the meeting was awarded the young ladies from Grand Ridge. This is the second time Grand Ridge has received the banner.

Miss Verry, the district superintendent, was assisted by the conference superintendent, Mrs. O. M. Dunlevy, of Aledo, and Mrs. D. G. DuBoise, of Peoria, who succeeds Mrs. Lackland, of Magnolia, who recently resigned.

Midnight Express Wrecked.

The train on the C. & A. known as the midnight express and due to pass through here about two o'clock in the morning, was wrecked a few miles south of Lockport early Saturday morning, due to a broken rail. One sleeper went into the ditch and the entire train was derailed.

Fifteen passengers were injured, two of them seriously, the remainder not being in a dangerous condition. Louis Barr, of Watts, Mont., was injured internally and Pearl Holmes, of Chicago, was cut about the face and body.

There were two hundred on the train and it was remarkable that several were not killed outright as the train was running at a high rate of speed.

Traffic was delayed all the morning and C. & A. trains were detoured over the Santa Fe.

EVERETT B. LEWIS

Jeweler and Silversmith

Every practical and progressive farmer is interested in raising more corn to the acre. You can increase the yield of any piece of land and crowd your cribs with a larger corn crop by using

The Hayes Planter

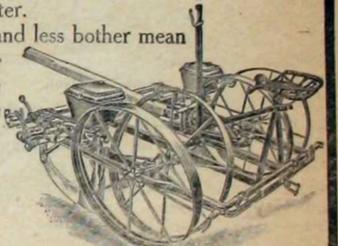

Its many features combine to produce the best stand of corn. Hayes Planters drop all kinds and sizes of seed more accurately and will positively not crack or grind the corn; the simplest and most practical drop made.

Hayes Planters check straighter, cover better, plant at a more even depth, save one cultivation, handle easier, are the lightest draft, and will plant more corn and do better work than any other planter made.

Corn planted with the Hayes will not wash out and will come up from one to three days sooner than corn planted with the ordinary two-wheeled planter.

Better results, longer wear and less bother mean many dollars to you, therefore you owe it to yourself to come into our store and investigate the merits of the Hayes.
