

VICTORY does not come to the weakling—muscles and brains are not developed by idling and indefinite purpose.

The great athletes brought honor to themselves through strength of purpose, and by concentrating all their abilities upon the desire to excel.

Steadfast purpose in business—the development of all your faculties and the constant improving of yourself—and the concentration of all your capacities on your line will bring you success. And insistent saving will enable you and yours to enjoy the fruits of your labor and prepare you for greater things ahead.

We welcome the accounts of men who are of winning caliber.

MOVING PICTURES

In winter, in summer, in sunshine, in rain, we all go to the moving picture show to while away the time and get a thrill, but lest that thrill be one of pain take heed and be comfortable. What suffering is more intense than a pair of tired, swollen, aching feet, brought on by wearing ill-fitting, wrongly made shoes.
