DWIGHT "Marco Grocer" ILLINOIS

We are going to give you
One Hundred and One Reasons for
Buying the New Chalmers "Six"
Ten will be given each week

Chalmers "Six"—Model Twenty-four—Five-passenger Touring Car

- 91—Adjustable Door Bumpers to Prevent Rattling—All doors are provided with an easily adjusted rubber bumper to take up any motion in the door. Even when driving on the roughest roads, this bumper may be adjusted absolutely to prevent rattling.
- 92—Leather Finish Strip on Doors—Finish strips on both front and rear doors are covered with leather. This gives a uniform finish to the entire car and eliminates the usual marred appearance after car has been in service. Chalmers doors are built to look well even after hard usage.
- 93—Cork Linoleum Carpet on Running Boards and Front Floor Boards—The running boards and front floor boards are covered with an extra heavy battleship cork linoleum. This is the best wearing covering procurable. The tonneau has heavy carpet to match finish of car.
- 94—Best Quality of Finish—The exterior finish of the new "Six" is of the very highest quality. All bodies are finished with 21 coats of lead, paint and varnish. The colors are deep, rich and long wearing. Fenders, motor bonnets and radiators receive four coats of baked-on enamel. Entire chassis is painstakingly and durably finished. Even the cylinder castings are enameled to give a clean appearance to the motor.
- 95—All Nickel Trimmings—All hardware on the car is nickel plated. The best grade nickel trimmings are used throughout.
- 96—Non-rattling Bonnet Locks—The bonnet locks on the Model 24 are of a new design, easily operated and absolutely non-rattling. Hold firmly; can be released instantly.
- 97—Concealed Electric Horn—A deep toned electric vibrator horn is concealed beneath the motor bonnet. The button of this horn is located in the left hand front door and may be operated without removing the hand from the steering wheel.
- 98—Front and Rear License Brackets—Front and rear license brackets are provided as regular equipment on all models. These brackets hold the license rigidly in place and comply with the requirements in all cities.
- 99—Locking Device to Prevent Theft—The switch controlling the starting system and ignition is equipped with a Corbin lock, enabling the driver to lock his car against intruders whenever it is left standing.
- 100—Details of Refinement—Special top construction to prevent wind or rain coming over the windshield; large pockets and storage compartments in tonneau; windshield handle for easy entrance to driving compartment; door handles equally accessible from inside or outside; speedometer may be read with equal ease from either front seat; dash light adjustment to illuminate all parts of cowl; tool box beneath front seat.
- 101—Price—\$2175, fully equipped in every detail, backed by the Chalmers guarantee.
