## MEMORIAL.

(Continued from Page 1)

cial expense of the occasion. Thanks are due to Ames Orr for the use of the opera house and also to those who furnished flowers or assisted in any manner.

All the organizations wish to thank Hon. H. V. Shepard for his fine address.

The graves were beautifully decorated Saturday by committees from the Post and Sons. The people generally who have departed loved ones in the cemeteries decorated their graves. All the cemeteries looked beautiful.

The band furnished splendid music. There were many people from the country present at the ceremonies, and all were pleased with the general arrangements.

About seventy dollars was donated by the business men of the village to be used in defraying the expense of the two days' observance. Of this amount about fifty dollars has been expended and the balance will be used in purchasing iron markers and in erecting stone markers furnished by the government, on the graves of deceased veterans in the different cemeteries.

## COMMENCEMENT EXERCISES.

Class of 1914 Pass From School Life Into Life's School.

Thursday evening, May 28, at the Opera House, the graduating class of 1914 of the Dwight High School passed from the associations and pleasures of school life into the responsibilities but pleasures also, we hope, of life's school.

The stage was handsomely decorated with white and green, the High School colors, with flowers, plants, palms and foliage in profusion.

The graduates, eleven in number, took their places on the stage, together with the speaker, Dr. John Merritt Driver, of Chicago, shortly after eight o'clock.

The program opened with a selection "Dawn" by the Girls Glee Club, Miss Margery Strufe, accompanying them on the piano, and Miss Grahel directing.

Invocation by Rev. F. F. Farrington followed.

Mrs. Chas. D. McWilliams then sang two selections, "Oh, Come with Me on a Summer Night," and "Nightingale Has a Lyre of Gold," very charmingly, and met with much applause. For these two numbers Miss Edith Bartholic was at the piano.

Prof. Brothers then introduced Dr. John Merritt Driver, a noted divine and lecturer, of Chicago, who spoke on "Young America and His Mission." He spoke of the blood of all nations mingling in the blood of Young America; that America as yet had produced no great artist, no great musician, no great scientist, no great lecturer, as other countries, but their interests in life savor more of money getting—the almighty dollar. However America offers many opportunities for our young people and no one can look into the future and foretell what these young ladies and gentlemen may become. Some may become famous painters, or musicians, or scientists, or inventors. Young America is God fearing, and in all things endeavors to please God.

But, he said, Young America's mission is to become Jehovah's ideal of what God made man may become. The ideal man, is Young America's mission to become.

Dr. Driver's address was a splendid one and in a few words it is very difficult to give even a short, adequate account of it. It was a very able, masterly one, and was of great interest to many.

After another selection by the Glee Club, the "Class Song" which was well sung and much enjoyed. Mr. R. W. Boston, President of the Board of Education, in a few very appropriate words, presented each graduate with a diploma.

Benediction was then pronounced by Dr. Driver, and the twenty-fifth annual commencement of the Dwight High School was ended.

## Morris Reds Win.

The F. L. Smiths lost the second game to the Morris boys at Morris Sunday when Frank Flood, formerly captain of the Smiths, now playing center field for the Morris Reds, made a sensational running catch of Boyer's drive in the ninth inning. With two men out and the bases full Flood was playing out about fifty or sixty feet farther than usual, and with the aid of a high wind that held the ball in the air, was able to get back far enough to make the catch. Boyer was rounding second base when Flood got the ball, two runs had crossed the plate, and Breneisa and Boyer would both have scored, as it was a sure home run hit if it had hit the ground.

Hamilton pitched a fine game for the Smiths and with good support would have won easily. The Smiths out hit their opponents, but the fielding was a little ragged and the Morris boys took advantage of every slip and turned the errors into runs.

The Smiths scored two runs in the first on a single by Breneisa, a sacrifice by Naas, Boyer's two bagger, Miller's out and Trecker's single. One more was scored in the second on Burn's two base hit and Mickelson's sacrifice; two in the third on a base on balls to Naas, Boyer's three base hit and Dockie Miller's single. They had plenty of chances in the remaining six innings to score, but good fielding back of Miller cut off the runs.

The Reds scored two runs in the first. Woods got to first on an error, Kutz sacrificed and R. Enger brought Woods home with a two bagger. Enger took third on Flood's infield hit and scored on W. Miller's fly to right. Another run was scored in the second on an error and a two bagger by Kutz. Another tally came in the third on an error, and a two base hit by H. Enger. The Morris boys got their only earned run in the fifth. Flood singled, W. Miller singled, Gleghorn struck out, H. Enger walked, A. Enger drove a long fly to right field and Flood scored after the catch. Morris scored the winning run in the eighth on an error by Trecker, A. Enger's sacrifice and H. Miller's single.

The attendance was good and no arguments or kicking by members of either team delayed the game and the fans went home well satisfied. Games of this kind are bound to boost base ball and draw larger crowds as the season advances. The attendance was large, about 600 being on hand to see the game. The Morris boys will be the attraction at West Side Park Sunday, June 14th.

## For Polishing Automobiles

There is nothing equal to Johnson's Prepared Wax

It holds the lustre indefinitely, sheds water and is the one preparation that eliminates the objectionable dust collecting feature. Mud spots can be easily and entirely removed from cars which have been polished with Johnson's Prepared Wax. It protects and preserves the varnish.

Johnson's Prepared Wax is easy to use. Apply a very light coat with a cloth and polish immediately with a soft woolen or cheese-cloth rag, using long sweeping strokes.

Where the varnish has become rough a perfectly smooth new body can be built up with Johnson's Prepared Wax. Apply several coats polishing each well and allowing a half-hour interval between coats. In many cases this will save the expense of having the car revarnished.

Johnson's Prepared Wax is universally used for polishing floors, woodwork, furniture, pianos, etc., but is just coming into prominence as an automobile body polish. We have received so many enthusiastic letters from people who are using it for this purpose that we feel it a duty to our customers and our selves to make this announcement.
