

GRUNDY COUNTY

FROM MORRIS

FLAG DAY IS OBSERVED—HIKERS PASS THROUGH MORRIS—AUTO BANDITS BOUND TO GRAND JURY—GUN CLUB SHOOT—PAROCHIAL SCHOOL HAS OUTING.

The children of the Parochial school went to Deer Park Monday morning to picnic for the day. There were 72 in the party going by way of the C. O. & P. Railway and chaperoned by one of their teachers.

Muddy roads from the rain of Saturday afternoon and night kept many of those who usually attend the shoots of the Morris Gun Club away from the affair of Sunday afternoon. Many more were present and took part in an enjoyable afternoon than there were entered in the main event.

Flag Day was observed in Morris Monday in a quiet manner. Many merchants and business men and a goodly number of homes had the national emblem up in their places of business and on the porches or other places about the residences. While the anniversary of the acceptance of the flag falls on June 14, the celebration of the day Monday was made possible by the announcement of B. J. Cigrand, president of the National American Flag Day association. It is worthy of note that Mr. Cigrand is an Illinois resident. His home is at Batavia.

A man and woman, Mr. and Mrs. D. H. Wolfe, walking beside a small cart with a horse hitched to it and a dog walking beside them, stopped in Morris Sunday afternoon, much to the interest of many who interviewed them. This trip began on April 21, at Kansas City. This is the second trip of this sort they have made. They intend to walk around the world. They have crossed the continent twice before, and the dog Don, has accompanied them on every trip. The horse, however, just began the walk at Kansas City, when they left this last time.

Considerable of a stir and some amusement was created Monday when Messrs. Roth and Page living in the vicinity of the second ward sewer improvement threatened to have the work stopped and get damages because the sewer went through what they claimed was their property at the brewery. The right of way had been given to the city by Mr. Gebhard. It was found that the claims of the two gentlemen were unfounded as they are to the north of the sewer. There is a difference between 535 feet and 5 chains and 35—100 chains.

Ed. Johnson, Robert Clawson and Thomas Ackerman, the auto bandits who were exposed when they had an auto accident on the streets of Morris on the evening of June 2, were bound over to the September grand jury Monday morning by Justice Alsdurf in bonds of \$3,000 in each case. All of them are defiant and wanted a hearing. Ackerman said at the hearing to Clawson, the leader of the bunch, that he was tired of laying in jail and would tell the truth. Adding an oath to this statement he said he would knock Clawson cold when he did tell the truth. Clawson defied him to do so.

The transportation committee of the Fourth of July celebration report that the C. O. & P. railway gave a promise of special car service on the Fourth. They will give the city the use of special cars from the station to the industrial association grounds where the balloon ascensions and fireworks will be held. They promise to take care of the crowd. The committee has planned to have one of the balloon ascensions at noon and the other at about 5:30, or as soon after the ball game as the crowd can get to the grounds. The fireworks will be held from the same place in the evening. The same committee has the assurance of the Fox & Illinois Union Ry., that it will have cars running from 6:30 a. m. until 12:30 at night, the cars to run on a schedule of one every hour leaving on the half hour. Late cars will be provided also on the C. O. & P. to meet the demands of those attending the celebration.

FROM THE COUNTY.

While trying to flip a Rock Island freight train at Minooka late Tuesday afternoon, Daniel J. Lucey, of Portland, N. Y., aged about 21 years, fell beneath one of the cars. One leg was amputated below the knee, his skull was fractured and he sustained other injuries. Dr. Cody was summoned immediately, and went with the injured man to St. Joseph's Hospital in Joliet. The freight train was stopped as soon as the accident was discovered and the injured man was taken to Joliet in the caboose of this train. It is feared his injuries may prove fatal. The

young fellow had been in Minooka for several hours in the morning, and told some people that he was beating his way east to New York where his mother resides. The accident happened near the Rock Island depot and was witnessed by Station Agent C. A. Peterson, Thomas Henebry and a few others.

Deputy E. H. Warner Monday evening descended upon Wilmington and took into custody four fishermen from Coal City who had illegal fish in their possession. The men, Tony Tarline, Eugenio Bianci, John Robinson and Dominic Finnigala, had come over to Coal City with a minnow net, and when the doctor arrived, saw them at work below the dam. As they circled around with the net, they emptied the catch upon the bank and after taking the sizeable fish, dumped the little ones on the bank to die. Hundreds of the dead pike, with which the stream had been stocked were found dead, littering the bank in all directions. The men were immediately taken into custody and arraigned before Judge Hausan, of Wilmington. They had nine black bass 7 to 9 inches in length, in their possession. The men were fined a total of \$52, which they paid. The haul made by the deputy warden is the most important of the month, and will be followed up until the gang of illegal fishermen that infest Coal City is broken up. The deputy made a trip to Wilmington on Sunday and found Frank Sinkler, of Braidwood, with three undersized fish. He was with two companions two miles below Wilmington. Sinkler will be given a trial later this week. The state commission is determined that the law will be enforced, and reports are coming from up the river that the officials have been patrolling the river with a gasoline launch, to which are attached two cables with grappling hooks used to tear out the night lines and determine the location of the illegal fishers.

Announcement is made of candidates for office for the September primaries. In the last few days Morris voters of the Republican faith have been asked to sign petitions for various state, district and local candidates. Petitions have been in circulation for some time for George Bedford as a candidate for county judge, who seeks re-election. This week petitions have been signed for Al Gleghorn as candidate for county clerk, for James Condon for sheriff and Fred Blasingham for treasurer, who are to be candidates on the Republican primary ticket. The Bedford and Gleghorn candidacies have been known and discussed for several months. Condon, who lives at Mazon, has been mentioned in connection with the office of sheriff for some time and whose friends think him the right man for the place, hesitated, it is reported, because of private affairs. His friends refused to let him out and sent out petitions all over the county which are being signed asking that he be a candidate. Mr. Condon at one time lived in Saratoga township, has a big acquaintance and following in Morris and was one of those men who believed the courthouse should remain in Morris. Fred Blasingham had given no intimation he was a candidate. The statement is made he had no intention of being, but in recognition of the work he did for Morris in the courthouse campaign and in other public affairs, at present in connection with the 4th of July celebration, a number of Morris citizens thought he was entitled to recognition, circulated petitions for him without talking to him, have several hundred names signed, and then turned them over to Mr. Blasingham with the request he should be a candidate. Reports are out that others will be candidates for nominations on the Republican primary ballot, but up to this time the petitions above are all that have been circulated.

Always Lead to Better Health.

Serious sicknesses start in disorders of the stomach, liver and kidneys. The best corrective and preventive is Dr. King's New Life Pills. They Purify the Blood—Prevent Constipation, keep Liver, Kidneys and Bowels in healthy condition. Give you better health by ridding the system of fermenting and gassy foods. Effective and mild. 25c. A new concrete walk is being laid between M. A. Hansen's store and across to F. H. Spillers drug store, which is a great improvement.

Spillers Steady Servers met with Olaf Nelson last Friday evening in honor of his twenty-first birthday. A general good time was had by all. Refreshments were served by Mrs. Nelson.

Louis Anderson, son of C. A. Anderson, was taken to Kankakee Monday, where he underwent an operation at the hospital there for appendicitis; it was a very severe case and the patient is not getting along very well.

On Thursday at six o'clock at the home of the bride's uncle, Mr. Peter Burt, of Joliet, Ill., occurred the marriage of Gardner's popular young people, Leslie G. Horrie and Mabel Madison, the ceremony being performed by Rev. Schneider of the M. E. Church.

After the ceremony they left for Kansas City, Mo., where they will visit an uncle of Mr. Horrie's, and are expected home the first of the week. Mr. and Mrs. Horrie have the best wishes of their many friends here.

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO., Toledo, O.

Sold by Druggists, 75c.
