

GRUNDY COUNTY

FROM MORRIS

CHICAGO ASSOCIATION OF COMMERCE VISITS MORRIS—FOURTH OF JULY COMMITTEE HOLD MEETING—PROF. ROOT FINISHES EXAMINATION—QUAKER OATS PLANT ENLARGED.

Dr. Prizemeyer, specialist from Chicago, was here Saturday and made a thorough examination of Henry Fey who has been ill some time. His report is encouraging in that he states Mr. Fey is afflicted with nothing serious and will fully recover in a short time.

Chairman Blasingham, of the executive committee for July Fourth celebration, called a meeting of the executive committee and all sub-committees Tuesday evening at 8 o'clock in the city council room. Final reports were heard from some and new reports from others. The celebration, without questions, will be the biggest Morris ever witnessed.

County Superintendent of Schools, Prof. C. H. Root, finished the last of examinations Saturday for teachers' certificates in which he prepares the questions and then grades the answer papers. He will now turn over the task of determining the eligibility of applicants for certificates to the newly created teachers' examining board which begins operations on July 1.

The Quaker Oats plant in Morris is so increasing in business that it was found necessary to make more room to take care of the growing demand for their product. It will therefore erect a large addition to the plant between the mill proper and the warehouse. When this addition is completed the outfit will be increased to four cars more each month. Work will be started on the building at once and the plant will be shut down from July 1 to 6 during its construction.

Nineteen members of the Chicago Association of Commerce reached Morris by autos shortly after ten o'clock Saturday morning. They were met at the city limits near the old fair grounds by members of the Morris Industrial Association and the Mayor and conducted to the city. In a short time the Chicago party was surrounded and warmly welcomed by citizens and an impromptu reception was held in the court house corridor, where introductions were exchanged and cigars passed. There were twenty in the party when it left Chicago last Tuesday and nineteen reached here, one having to return to Chicago at Rock Island. There was no mishap on the entire trip except at Rock Island when a car went into water up to the running boards and the 'boosters' were compelled to wade out. At Deer Park a game of golf was indulged in and the night spent at Starved Rock. Saturday morning they came to Ottawa and to Morris and after a half hour's stay went to Joliet where they lunched at twelve o'clock.

After battling for five scoreless innings at the home park Sunday The Oglesby Tigers turned what promised to be an extra inning game into a slugfest when they connected for six hits in their half of the sixth inning, and pounded Irv. Enger's slants to all corners of the lot netting five runs. The air was very chilly Sunday with a brisk northwest wind blowing and Enger was living up to his reputation as a "cold weather fliker" until the sixth frame. He had allowed five hits but ability to fan opposing batsmen at critical times, and big league support behind him, kept the visitors runless. Irv. Enger is credited with 12 strikeouts to his opponents six, which is going some. Morris succeeded in pushing but one runner over the pan. That was in the ninth, when Roy scored on Kutz' hit. The game afforded plenty of excitement for the fans. The Oglesby Tigers are all ball players. They gave their pitcher airtight support, the outfield nipping off many seemingly sure hits. The features of the game were Warnie Miller's stop of a fast grounder in the fourth, and Pulcan's running catch of a long foul in left field in the sixth.

FROM THE COUNTY.

Milton Anderson, of Erienna township, was kicked and stamped on one of his feet by a horse last Saturday. His foot was cut and badly bruised. Several stitches were required. Dr. Walsh was the attending physician.

While driving a team of mules near his home in the country, last Saturday, Henry Greer was the victim of a runaway. The team became frightened and began to run thus throwing Mr. Greer from the wagon. He was caught by the reins and dragged nearly 300 feet before the team stopped. His head was severely cut and scratched. He was brought to Morris and Dr. W. E. Walsh attended to his injuries. Later he returned to his home.

Five more Grundyites in addition to the seven published, were made citizens in the circuit court Thursday. These are Nels M. Christiansen, Gard-

ner; Fred G. Brownsey, Braceville; Henry Bertinias Hexdahl, Minooka; Phillip Cresto, Elleen; Adam Kiscellus, Goose Lake. This makes twelve out of the twenty-one who applied. Four of them did not appear and the application of James Kerns, of Kinsman, was dismissed. He filed his petition in 1912 and had not appeared since for examination. The petitions of the remainder were continued to next term. Court adjourned to next Monday when the chancery cases will be taken up.

The moving season is on. Chas. Weaver has moved into the Crojeir house, and S. G. Marlette has moved into the house vacated by Weavers, and Henry Small is moving into the house he recently purchased of S. G. Marlette.

Because of the weather and bad roads the Epworth League social was held on S. C. Hough's lawn instead of Clarence Finch's as advertised. Due to the bad roads and other things with which we had the misfortune to meet, not especially to our blame, our crowd only exceeded one hundred by a few; but mostly everyone who did attend reported that they had a splendid time and expressed their desire to attend our next social—even though fate doomed us in many ways, we were greatly surprised and pleased when we learned our financial outcome. We appreciated the effort the people made to attend for it must have been two fold as the weather has been so disagreeable. We hope that these and more will attend our coming social and that we will be able to entertain them even better than at this one. We also appreciate the kindness of the several Epworthians and friends for their service and donations of cake, tables, chairs, etc. Two kinds of ice cream and several kinds of cake also lemonade were the refreshments of the evening.

CHILDREN CRY FOR FLETCHER'S CASTORIA

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & Co., Toledo, O. Sold by Druggists, price 75c. Take Hall's Family Pills for constipation.—Adv.

CHILDREN CRY FOR FLETCHER'S CASTORIA

A Suggestion

This is the appointed time when the industrious housewife is busy with the cleaning, and everything inside the house from cellar to garret is being cleaned, renovated and painted. To make the job completely satisfactory the outside should also receive attention. Paint beautifies and preserves, provided high grade material is used. It costs no more (in fact less) to spread paint made from good material than the other kind, and the wearing qualities are far greater. Why take any chances? Adulterated Linseed Oil is being offered under brands which have been condemned time and again by Official Chemists in States wide awake enough to have laws against adulteration—but among those condemned the WRIGHT & HILLS and WRIGHT & LAWTHOR BRANDS of Pure Linseed Oil (the life of the paint) are never found (they have been tested for over 24 years). The prices are right—the goods are right, and if properly applied the job will be right.

We are in a position to supply you and your painter with these brands. We sell the best paint products the market affords. Play safe, place your orders with
