Do you realize, busy housewife, that you could cook, bake, boil, fry, stew, in fact prepare food for your table any way, more easily without the heat necessary when you are using a range, and really prepare it better with the aid of a Coloric Fireless Cookstove than in the usual way. It is a fact, we have proven conclusively it can be done. You would not be without a Coloric if you knew the actual benefits to be derived from the use of one. If you will give a Coloric a fair trial we will furnish the Coloric. C. M. Baker & Son.—Adv.
