## FROM MORRIS

HIGH SCHOOL BOARD MEETS—FOR MER RESIDENT DIES—MRS. GEO. EDWARDS PASSES AWAY—PROF. E. D. MARTIN AT WORK ON SCHOOL BOUNDARY LINES.—OTHER NEWS.

Louis Launspach employed at the plant of the Morris Fibre Board Co., was injured Tuesday afternoon at 5 o'clock and for a time it was feared there would be serious results. A handle upon a machine which he had grasped slipped out of its clutch and whirling around struck him a terrific blow in the breast. The skin was broken and shortly after he began to spit blood. Dr. Walsh was summoned. The blood was a bad sign but he is much improved and will doubtless suffer no serious effects.

The school board Friday accepted John D. Fletcher, of St. Joe, Mich., as teacher in Athletic and Science in the high school to succeed Prof. G. W. Friederich who sent his resignation here Tuesday. Mr. Fletcher was gotten in touch with by Prof. Martin twenty-four hours after the resignation of Mr. Friederich and his selection followed after he had come to Morris. He comes well recommended, is of nice appearance and a graduate of the Michigan Agricultural College. He had been at Charlevoix the past year and receives high recommends from there. His salary here is \$950 per year.

About four o'clock Monday in Joliet at the M. E. parsonage, Miss Irene Peterson became the bride of Wallace Horrie. Rev. Walsh performed the important ceremony. Shortly after the service was read the newly-weds returned to Morris and went to their nicely furnished home on East Jefferson street. The bride is the charming daughter of Mr. and Mrs. P. B. Petersen, of East Washington street, and was born and reared in this city. Her husband is the son of Mr. and Mrs. Malcolm Horrie and was also reared here. He is employed by the Chicago Telephone Company. Mr. and Mrs. Horrie are very popular among the young people and social circles of this city and their many friends extend hearty congratulations.

Prof. E. D. Martin, superintendent of the Morris schools is hard at work on the boundaries which will divide the public school pupils in their proper places according to grade for the opening of school. Harold V. Olds, the new manual training teacher, has arrived and is busily engaged in prepar-

## C. S. SCHNEIDER

OF PAXTON, ILL.

## For Member of Congress

17th DISTRICT

Subject to the Decision of the Democratic Primaries, Sept. 9, 1914.

YOUR SUPPORT WILL BE APPRECIATED.

Mr. Schneider is a lawyer of the highest standing at the bar in this district, a forceful and convincing speaker and fully able to discuss the issues of the day with any opposing candidate.

He made the race for Congress in 1908 against Hon. John A. Sterling and received 16,526 votes. Mr. Fitz-Henry, his opponent for the nomination, received only 14,251 votes when he ran against Mr. Sterling in 1910, and in 1912, although elected, he received only 14,057 votes. It will be seen that Mr. Schneider beat Mr. Fitz-Henry's vote in 1910 and in 1912 over 2,000 votes.

With a hard, close fight on hand this year it behoves the Democrats to select their strongest candidate. Mr. Schneider's supporters believe that he is by far the strongest candidate and that he can win if nominated.—Adv.

35-2w

and had kept company with Krahl for seven years. Three years ago it was generally known that they were to be married but the match was broken. They made up again after a short time and were believed to have set the time of marriage. The girl's parents objected strongly to the match and their meetings were of a clandestine nature. The young man became despondent and decided to end it all.

### Summer Coughs Are Dangerous.

Summer colds are dangerous. They indicate low vitality and often lead to serious Throat and Lung Troubles, including Consumption. Dr. King's New Discovery will relieve the cough or cold promptly and prevent complications. It is soothing and antiseptic and makes you feel better at once. To delay is dangerous—get a bottle of Dr. King's New Discovery at once. Money back if not satisfied. 50c and \$1.00 bottles at your Druggist.—Adv.

**\$100 Reward.**  
The readers of this paper will be pleased to learn that there is at least one dread disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to medical certainty. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and making it more capable of doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address:

F. J. CHENEY & CO., Toledo, O.

Sold by Druggists, price 75c.
