

ROBERT FULTON'S STEAMBOAT
FROM AN OLD PRINT

PROGRESS IS THE LAW OF LIFE
- MAN IS NOT MAN AS YET -

PEOPLE laughed scornfully when Fulton first endeavored to drive a boat under its own steam. Yet through his tireless energy he enabled us to defy the hurricane and reduce the ocean to a ferry.

Progress Is Labor

The easiest is not the surest way. Progress is the result of labor. Fulton lacked the confidence of the people and the resource it brings. He won both in his own way.

Your advancement will be more certain and your pleasure and satisfaction increased if you make financial preparation now. It will make you strong in character and personal power and keep you fit to build a greater future for yourself.

Worthwhile men and women save. Let us demonstrate what systematic saving can accomplish for you.
