The Murdock Neutrodyne

will end your search  
for the right receiver

THE MURDOCK NEUTRODYNE represents radio at its best. It is the product of one of the oldest manufacturers. A pioneer who has been making radio equipment of the highest efficiency since 1904.

It embodies the famous Hazeltine Neutrodyne circuit, and is manufactured under the Hazeltine Neutrodyne patent.

It combines the highest engineering skill with the finest New England craftsmanship. Every detail of manufacture has been painstakingly carried out to make this receiver an enduring instrument for home use.

Placed in your home, the Murdock Neutrodyne will be an unending source of entertainment, education and pleasure. Its performance will satisfy the most critical radio enthusiast. Yet tuning is so simply and readily accomplished that even the children can operate the Murdock. And in appearance it is handsome enough to grace any music or living room.

**MURDOCK RADIO**  
Standard since 1904

DISTANT STATIONS can be tuned in with remarkable clearness and volume. All but the most distant can be heard on a loud speaker.

EASY TO OPERATE. So simple to tune that a child can operate it. Permits absolute logging of dials.

SELECTIVITY. One of the most selective sets made. Local stations can be tuned out and distant stations received—without interference.

FREEDOM FROM SQUEALS AND HOWLS. Does not radiate.

APPEARANCE. The handsome solid mahogany cabinet and black panel make the Murdock Neutrodyne acceptable to the most exacting home environment. There are no binding posts on front of panels. Necessary connecting leads are provided and arranged from back of cabinets and same are plainly marked.

GUARANTEE. Each Murdock Neutrodyne is fully guaranteed against all mechanical and electrical defects. If for any reason your Murdock Neutrodyne does not give you the desired satisfaction, notify the dealer from whom you purchased it.
