A GOOD LITTLE GIRL.—One cold winter when the ground was so covered with snow that the little birds could find nothing to eat, the little daughter of a miserly rich man gathered up all the crumbs she could find, and was going to carry them out and scatter them on the snow. Her father saw her, and asked what she was going to do? She told him, and he said,—“What good will it do! The crumbs will not be enough to feed one in a hundred of the birds.” “I know it, dear father,” said she; “but I shall be glad to save one in a hundred if I can’t save them all.” The father thought a moment. He knew that many persons were suffering in the village, and he had refused to help any because he could not help them all. His conscience struck him; and he told his little daughter to break a loaf of bread into crumbs for the birds, while he went to scatter loaves among the poor villagers.
