BREAK DOWN.

Last Thursday evening Squire Snyder invited a few friends from town to participate in strawberries, cream and good things generally. Dr. Keeley was among the invited, and met with an accident within half a mile of his destination which piled his skeleton or cockle shell buggy up in a fearful, but extremely picturesque heap. It was as handsome a pile of SMASH in a small way, as the eye of the THE STAR wished to rest upon. If the Doctor had added to our item in his breakdown, a broken head neck or arm he would have conferred a favor on us of inestimable value. As it was the Dr. had to 'hoof it' the rest of the way much to the satisfaction of his pretty little animal and his own disgust—Moral, Let no temptation induce you to take a 2 40 gait over a rough road on a hot day.

Since putting the above in type we understand the Dr. was on his way to see a patient in Broughton and the Esq's was not his immediate destination though on his return he pulled up there—therefore we will not alter the moral. Doctor was only in a hurry to get back. Medical men know when they have a good thing ahead as well as other bipeds.

DR L. E. KEELEY, respectfully tenders his Professional services, and will promptly answer all calls that may be made upon him. Office at Seymours Drug Store.

A Union Sunday School picnic will be holden on July 15. All are invited to attend.
