

(Continued from First page.)

The weather is so very hot! and our Office is almost as hot as an oven ought to be to bake, and we grow irritated under the heat that tortures us. We have frequently to take a walk down to the Depot crossing to take a lesson in EASY LOAFING, from the philosophic Lawyers that are constantly lying "round loose" in that quarter. We wait with much anxiety the Sunday School celebration, if business don't press us we will indulge ourself in a good time certain, on that day.

Pshaw it's too hot to write. Reader come and take a drink of pure Orange Nectar with me and smoke a Double Crowned cheroot and then you can think better than I can write.
