CHAPTER OF ACCIDENTS.

A son of Mr. G. Huntz of round grove township lost a finger last week by a too careless use of fire arms.—Constable Losee while returning with Messrs. Judd, Kenyon and others from a professional tour on Saturday night, was summarily ejected from a two seated buggy, caused by the wheels slipping over an embankment—and broke his leg. The other gentlemen were also thrown out but it is said that each in turn made an EARTH PAD of our friend Losee. Therefore none of the excursionists had use for Dr. Keeleys delicate attentions but poor 'Burr.' The child of a lady visiting at Esq. Kenyons; broke its leg last Sunday by falling from a height. The poor little fellow we understand suffered very much for the first few days after the accident, but is now comfortable and doing well.

A child of the resident german preacher in the settlement, had its arm broken last week, Dr. Heath attended to it. Dr. Thole we understand, was called to an accident of some kind last week but we have not up to this writing seen him to ask the nature, will he please take the hint and bring his accidents to this office.—Mr. John Banta's family were poisoned on Tuesday by drinking tea that had absorbed Lead from the chest lining, it was probably a case of lead poisoning—and if it were not for the prompt and efficient action of Mr. Gray in keeping the effect of the poison in check till Dr. Keeleys arrival we might have had a death item and an obituary—for this week.

The ancient Scandinavians used the antlers of stags for drinking cups. This is evidently the origin of the phrase, "Taking a HORN."
